

BNS-BNSS Crime & Investigation Mapping Reference

As of 28 September 2026

1. Purpose of the Document

This document lets the Investigation Co-pilot app take a **Crime Category** and **Sub-category** chosen by the Investigating Officer (IO) and return the matching BNS offence sections, BNSS procedure sections, investigation steps, evidence list and any special law to check.

- **BNS** = what the offence is and its punishment.
- **BNSS** = how police register, investigate, arrest, search, seize and file the report.
- **BSA** = how evidence is proved in court (kept in its own field).
- **Special Law** = any other Act that may apply alongside or instead of BNS.

Every row follows one chain: **Category** → **Sub-category** → **BNS** → **BNSS** → **Investigation Action** → **Evidence** → **Special Law**.

This is a reference and app-design document, not legal advice. The final choice of section always rests with the IO and the legal/prosecution branch on the facts of the case.

Status labels used in this document

Label	Meaning for the app
Confirmed	Section number and title taken from the Act text; safe to show as a suggestion
Fact-dependent	Applies only if certain facts are present; app should ask the IO a question before suggesting
Verification Required	Detail (usually a sub-section, classification or state rule) must be checked against the Gazette text before going live
Not in force	Section exists in the Act but has not been brought into operation

2. Legal Sources Used

The section numbers and titles below are taken from the enacted text of the three new criminal laws. Before the app goes live, each row must be checked against the Gazette PDF (see Section 15).

Source	Act No.	In force from	Role in the app
Bharatiya Nyaya Sanhita, 2023 (BNS)	Act 45 of 2023	1 July 2024 (except s.106(2))	Offences and punishments
Bharatiya Nagarik Suraksha Sanhita, 2023 (BNSS) incl. First Schedule	Act 46 of 2023	1 July 2024	Procedure; cognizable / bailable / trial court
Bharatiya Sakshya Adhinyam, 2023 (BSA)	Act 47 of 2023	1 July 2024	Evidence rules (separate BSA field)
Special laws (IT Act, POCSO, NDPS, Arms, SC/ST, MV Act, UAPA, PC Act etc.)	Various	As amended	Special Law field only

Date rule for the app: if the offence date is **before 1 July 2024**, IPC/CrPC/Evidence Act apply to the offence, and an investigation already pending on that date continues under CrPC (BNSS s.531(2)). The app should ask for the **date of offence** and **date of FIR** before suggesting sections.

15. Source / Verification Notes

This mapping was compiled from the enacted text of BNS, BNSS and BSA as known up to mid-2026; it was **not** re-checked line by line against the Gazette PDFs in this session. Treat every row as draft until the checks below are done.

Where to verify (official sources only)

- Gazette of India, Extraordinary — Acts 45, 46 and 47 of 2023 (egazette.gov.in).
- India Code — current text of BNS, BNSS, BSA and all special laws (indiacode.nic.in).
- Ministry of Home Affairs — new criminal laws page and commencement notifications (mha.gov.in).
- State Government notifications — State amendments, cognizable-status notifications, witness protection scheme, forensic-visit notification under BNSS 176(3).

Checks before release

- Match every BNS/BNSS section number and title in Sections 7, 8 and 14 with the Gazette text.
- Confirm all sub-sections listed in G17 (Section 12).
- Confirm every † classification against the BNSS First Schedule.
- Confirm BSA section numbers in Section 10.
- Re-check status of BNS 106(2). As of this date, secondary sources report it is still held back (NextIAS, 2026; LawWalls, Mar 2026) — confirm from MHA notification.
- Check any amendment to BNS/BNSS made after July 2024.
- Check Haryana (and other deployment States) special and local laws.
- Legal/prosecution branch sign-off on Sections 12 and 13 logic.

Limits: this is a reference and app-design document, not legal advice. The app should present sections as **suggestions** for the IO to confirm, never as automatic final decisions.
